

## PRODUCT INFORMATION PAGE

# LATEX, ACRYLIC AND EMULSION RESIDUE REMOVER

---

**PROPERTIES:**

An intensive cleaning agent for removing dirt and emulsion paint residues from walls. The product dissolves old layers of paint. It has a wide range of applications. Removes all emulsion, acrylic, latex and primer paint residues from various surfaces such as wood (doors, frames, furniture, parquets, baseboards), glass, aluminium, plastics, clothing and natural and artificial stones. The cleaner can be also used to clean tools with hardened paint on them.

**INSTRUCTIONS:**

Spray the product or use a sponge to damp and clean the surface from paint. Leave it for a while to let it start working. Remove any paint residues with a sponge or a soft cloth. For thick paint coats, repeat the procedure.

**WARNINGS:**

Any traces of the product should not be left on the wall and must be immediately removed in order to prevent the paint from dissolving.

**HINTS:**

Keep away from children.

**EFFICIENCY:**

About 100ml/m<sup>2</sup>

**EXPIRATION:**

24 months from the production date on the packaging

**PACKAGE SIZE:**

500ml, 1L

**STORAGE:**

The product should be stored in the unopened, original packaging in a dry area at a temperature of +5°C to +25°C
