

## PRODUCT INFORMATION PAGE

# SILICONE REMOVER

---

**PROPERTIES:**

The product is designed to remove silicone. It effectively eliminates silicone and acrylic residue from various surfaces, for instance, glass, glazed tiles, wood, laminates, aluminium, natural and artificial stone. Additionally, it gets rid of mould and discoloration on the silicone joints. For indoor and outdoor use.

**INSTRUCTIONS:**

First, use the silicone remover to moisten the joint by applying it with a brush. After leaving it for a while, mechanically remove all silicone residues. Repeat the procedure until all residues are cleaned. Use a sponge or cloth soaked in the silicone remover to get rid of mould and discoloration on the silicone joints. Wipe the joints and then rinse them with water.

**HINTS:**

Use rubber gloves. Keep away from children.

**EFFICIENCY:**

About 100ml/m<sup>2</sup>

**EXPIRATION:**

24 months from the production date on the packaging

**PACKAGE SIZE:**

250ml

**STORAGE:**

The product should be stored in the unopened, original packaging in a dry area at a temperature of +5°C to +25°C
